We thank Bart Cockx, Gerdie Everaert and Dirk Van de gaer for their valuable comments. Also the comments of the participants of the ‘Overeducation in Europe conference’ in Berlin, 22-23/11/2002, and the fourth ‘Day for Belgian Labour Economists’ in Louvain-la-Neuve, 23/05/2003 on an earlier version of this paper are greatly acknowledged. This research benefited from financial support of the Fund for Scientific Research – Flanders (FWO Vlaanderen), the Flemish Ministries of Science and Technology and Education (PBO 1997 and 1998) and the Federal Public Planning Service Science Policy (Interuniversity Attraction Poles Program - Belgian Science Policy [Contract No. P5/21]).
